May 23 - Sept 30

Alaska Fishing!

Our Signature fishing trip targets the world's largest Salmon and Halibut plus phenomenal rainbows, char, steelhead, and grayling. Your itinerary will be tailored to your personal wishes... be that focused hard core fishing or a relaxed pace of angling that features a wide variety of Alaskan fishing experience. And those visiting for 5 or more days can help fill the freezer with 2 offshore Halibut/Salmon charters.

Day 1 We'll pick you up at your hotel in Anchorage at 7:45am for the beautiful trip to Great Alaska. After a thorough orientation, you'll enjoy lunch and meet your guide and head for the fish- some to wade a mountain stream, some to drift and float tube at a Rainbow Lake, and others to work the river in a sled or drift boat. And some may opt to learn some fly fishing skills on our famous record setting beach.

Day 2 Offshore Halibut and often Salmon for those with us for 5 or more fishing days. Plumb the depths of Kenai Fjords National Park waters in the company of the towering glaciers and Killer Whales. This is a remarkable Alaskan experience. Those with us on shorter stays will wade or drift for Salmon and or Trout.

Day 3 Salmon fishing in specially designed river boat or drift for Salmon and Trout in stable Mackenzie River Drift Boats. And for variety in the experience, you may opt to wade a mountain stream for Char or float tube a Wilderness lake for Rainbow Trout. We will tailor the trips to your personal wishes. Many of our guests select an optional fly-out to a high mountain lake for Grayling on this day.

Day 4 Your second Halibut/Salmon charter to the current hot spot---some days to Cook Inlet in view of 2 active volcanoes and other days in a return trip to Resurrection Bay to fill the freezer with more Halibut.

Day 5/6 Salmon or Trout- some in river boats for Salmon, some to drift for Trout and others to wade their favorite stream for Rainbows or Steelhead. It is your choice.

Day 7 One final early "coffee to your door" wake-up and morning fishing charter in power or drift boat. Return to the lodge at noon for good bye handshakes and a 2:30 pm departure by shuttle flight or float plane (not included)

Day 8/10 You can do it all- as often as you like, including a fly out to a mountain lake for Grayling and Rainbows..
