

GREAT ALASKA

The Premier Package

6 days \$4695
 8 days \$5795
 Any Day Start
 June 1 - Sept 15
 2 guest minimum

Alaska's Most Complete Fishing Trip

The Premier combines upscale accommodations and all of Alaska's highlight fishing experiences in one incredible trip! Your daily itinerary will be created (with your input) from a large variety of experiences: some of your choices include Kenai and Kasilof River Salmon charters for Kings, Silvers or Sockeye, offshore Halibut in Kenai Fjords National Park and upper river drift trips for large Rainbow Trout and Char. Wade fishing for Grayling and tide-fresh Steelhead is also available in season. Spectacular remote Fly-outs to current fishing hot spots for Trout and Grayling or choose to float tube for trout in a small wilderness lake. An amazing itinerary!

Day 1 We'll pick you up at your hotel in Anchorage at 7:45am for the beautiful trip to Great Alaska. After a thorough orientation, you'll enjoy lunch and meet your guide and head for the fish- some to wade a mountain stream, some to drift and float tube at a Rainbow Lake, and others to work the river in a sled or drift boat. And some may opt to learn some fly fishing skills on our famous record setting beach.

Day 2 Plumb the depths of Kenai Fjords National Park for halibut and salmon in the company of the towering glaciers and Killer Whales. This is a remarkable Alaskan experience. (Note: You can choose to target salmon everyday)

Day 3 Trophy Trout in the Wildlife Refuge - clear mountain water, beautiful drifts, and great fishing. Two to four anglers per boat drift & wade in search of Char, Silvers, Sockeye, and especially Rainbow Trout. Mainly wading, this day is excellent for spin or fly enthusiasts seeking large trout. (Trout season begins June 15th.)

Day 4 Fly-out fishing adds another dimension to the Alaska adventure and often can provide a special angling experience. We will choose hot spots for Mountain Grayling on each day's adventure. Typically fly-outs allow for a little extra morning sleep prior to departure and get you back in time for happy hour.

Day 5 Salmon fishing in specially designed river boat or drift for Salmon and Trout in stable Mackenzie River Drift Boats. And for variety in the experience, you may opt to wade a mountain stream for Char or float tube a Wilderness lake for Rainbow Trout. We will tailor the trips to your personal wishes.

Day 6 A repeat of Day 3. (6 day trips depart after breakfast by Float Plane for Anchorage at 10:30am).

Day 7 Your second Halibut/Salmon charter to the current hot spot-some days to Cook Inlet in view of 2 active volcanoes and other days in a return trip to Resurrection Bay to fill the freezer with more Halibut.

Day 8 Sleep late, enjoy breakfast with Chef Stanley, and depart by float plane at 10:30am.

Wow! What a great vacation. All of you made our fishing trip just the best. We are already planning for next summer. Sheila and Dennis T Newbury Park, Ca.
