

The Lodge Wilderness Package

5 days \$3850
7 days \$4695
June 1 - Sept 10
Start Saturday - Tuesday

Dear Great Alaska:
Just a short note from New York but still dreaming of Alaska. You really impressed us with your perfect organization and great hospitality. Thank you very much to all of you!

Wilfried N
New York, NY.

Add 3 Day Denali Bonus To any 7 day Trip \$895

Deluxe Lodge Fishing plus Bear Camp

The Lodge Wilderness Package combines the variety, comfort and fun of our Deluxe Lodge Fishing program with the incredible flight-seeing, nature viewing and wilderness experience that is Bear Camp. Even the most hard-core anglers have proclaimed this as the trip perfect for families, couples and groups that want more than just great fishing.

Days 1 & 2 Depart the Anchorage Hilton Hotel at 7:45AM dressed for adventure, with a small backpack for Bear Camp. Following your arrival at the lodge, a detailed orientation, and a salmon bake lunch, you will fly into a mountainous, glaciated wilderness and land on the beach of our private Bear Camp. For two days your guide will escort you to strategic viewpoints and our camouflaged platform in a critical Bear habitat. Return to the main lodge in the late afternoon of day two (see Bear Camp description on page 26). You can also opt to take an afternoon flight to Bear Camp later in the week and not miss any days of fishing.

Day 3 Salmon fishing in a power or drift boat. Two to four anglers per boat will drift, plug, or cast for Kings, Silver, Sockeye and Pinks. Combination charters will often target several species, including Rainbows and Char. Or you may opt to wade a mountain stream for Char or float tube a Wilderness lake for Rainbow Trout.

Day 4 Trophy Trout in the Wildlife Refuge is everything you've dreamed it could be - clear mountain water, beautiful drifts, and great fishing. Two to four anglers per boat will drift and wade the Upper Kenai River in search of Char, Silvers, Sockeye, and especially Rainbow Trout. This has the potential to be the best fishing day of your life.

Day 5 Giant Pacific Halibut are offshore in the waters surrounding Kenai Fjords National Park. You and five others will plumb the depths of Cook Inlet or Resurrection

Bay and beyond for Halibut, Cod, Bass and Salmon while viewing glaciers, Puffins, Otters and even Whales.

Day 6 Trophy Trout, Halibut or Salmon fishing (as in Days 3 & 4). It's your choice.

Day 7 Salmon fishing in power or drift boat, returning to the lodge at noon in time for check-out, final catch arrangements, and good-bye hand shakes. At approximately 2:30PM, you will depart camp for your commuter flight to Anchorage. Note: many guests choose to return by floatplane from our private dock.
