### The "Best of Costa Rica"

This trip is designed for those that only have a week yet want to see and do all of the Eco Adventure that Costa Rica has to offer. In six days and five nights our visitors will raft a famous whitewater river, fish the jungle waters, hike a Turtle Nesting Beach, kayak secret backwater hideouts, and harness swing through a treetop filled with birds and animals. Your trip will end with two days of hot pooling and watching and listening to the sights and sounds of the famous Arenal Volcano. Then end your journey with a trip to the enchanting artisan community of Saarchi en route to San Jose.

Day 1-4 Transfer from your San Jose Hotel and spend four days at the jungle lodge. Your itinerary will include rafting, fishing, hiking, kayaking and exploring the famous rivers and jungle of Tortuguero national Park. Each day will end with happy hour at the open bar and a dinner made from the healthy food of the ocean and jungle. Evenings will include Alligator spotting and trips to the jungle village.

Day 5-6 Your private van will take you to an exciting Harness Ride through the jungle canopy as you continue on to the Arenal volcano. Spend the day in hot pools, in full view of the rumbling volcano. Overnight at a luxury resort and travel to San Jose with a stop at the unique village of Saarchi

### Family Eco "Discount" Trip

Our family trip provides discounts of 25% for children on a three day exploration of the Tortuguero National Park and the world famous Turtle Nesting Beaches. The trip includes transfers to and from the lodge, all appropriate meals, double occupancy rooms and fishing on the first afternoon, and kayak and boat Eco Tours on the remaining two days. Depart after breakfast on the fourth day.

### Trip Logistics

Plan to arrive at San Jose's International Airport and take a cab (\$20) to your hotel. Our manager, Carlos, will arrange for a private van to pick you up at 7:00 am the next morning for the 2 1/2 hour trip over the mountain pass, through the National Park Cloud Forest, and through the banana plantations. At the end of the road you will be taken up river by boat for your time at the Jungle Lodge. Review the itineraries listed on these pages for your activities at the lodge and at the volcano. On fishing trips you will normally depart the lodge after breakfast on your last day.
